

Love on Laird Avenue

This book is a contemporary sweet (clean) romantic suspense suitable for young adults and up. Story-line: Overprotected Tatum Stewart ventures out on her own, buying a historical home in Sugar House, Utah, and starting her own business. She has no idea everything will fall apart, literally. Anxiety-addled Ryan Bulldarren isnt ready for running the home restoration business without his injured brother, especially when it comes to bidding a job for a beautiful woman. Ryan comes to Tatum's rescue more than once when thugs break into her home, but is she prepared for his protection when she starts dating? Oh, and did he really buy her a Bullmastiff puppy for protection? Can these two construct a loving relationship while digging up what's really going on in the basement on Laird Avenue?
