Stranded with her mother- and sister-in-law to care for, with no hope of rescue before winter sets in, Kit has only one goal: survival. Trace Watson has lost everything that ever mattered to him. Trying to forget, he heads to the frontier colony of San Felipe, not caring if he lives or dies. But when he wakes to discover he's being nursed back to health by a brave young widow, he vows to repay her kindness by guiding the three women back to civilization, no matter what the cost.
