

Alpha Hunted: Keelyn & Bane: BBW Wolf Shifter Romance Series

Fates dark design brings them together ... in a mating neither is ready for. Five years after witnessing her fathers death Keelyn has become what she never wanted to be: a were-hunter. Surprisingly good at the career shed had thrust upon her that fateful day, she heads to the yearly gathering to pay her farms rent with money earned from hunting werewolf hearts and pelts. Bane and his wolf pack are also headed to the yearly gathering when Bane, the packs Alpha, finally scents the female his wolf says is to be their forever mate. There's only one problem- she also scents of death and wet wolf hide. When Bane follows Keelyn into the woods, neither are prepared for the passion, or the truths, they're each about to face. Can they survive the revelations that lie ahead? Or has fate doomed them to an impossible love?

Note- all the stories in the Alpha Hunted series stand alone, but if you want to read them in time-line order: Before The Hunt (Prequel to the Alpha Hunted series, featuring Sandra & Naythan) Alpha Hunted: Keelyn & Bane Alpha Hunted 2: Bella & Mac Alpha Hunted 3: Ivy, Ryker & David Alpha Hunted 4: Enid & The King (Coming Soon!) This book is intended for readers 18+ and comfortable with a sexy romance.
