

Taken by Lust (Taken Series Book 1)

This book was previously released, and is now at a reduced price as a thank you to my readers! Selene wasn't a fan of girls night out. Her friends were always trying to set her up with some man to break her long spell of loveless nights. When they brought Pietr to her, though, things changed. Suddenly, she was looking at a man who made her blood pulse. So she did what any self-respecting woman would do: she ran. Right into the arms of a psychopath who tries to kill her. Now turned into something much more than human, and saved by the very man she'd run from, she's forced to look at things in a much different way.
