

Your Love Life and Reincarnation: Why The Past Is Affecting Your Present and How To Fix It

With so many people unhappily involved or single, its about time a system was presented that even those new to spirituality could use, on their own, to improve their love lives. All the necessary ingredients and instruction to be your own love life guru are under one cover in the new book *Your Love Life and Reincarnation: Why The Past Is Affecting Your Present and How To Fix It* by Stephen Petullo with Scott A. Petullo. Unlike other books about reincarnation or relationship self-help, *Your Love Life and Reincarnation* is a past life self-regression guidebook that gives readers all the tools and insight needed to get results on their own. When will you meet Mr. or Ms. Right? Why are you attracted to Mr. or Ms. Wrong? How can you become a magnet for a compatible partner? How can you energize your relationship? Did you know him or her in a past life? What are the karmic reasons for your bond? Is it short or long term? What is the root cause of your heartache and how can you overcome it? How can you release the past? *Your Love Life and Reincarnation* helps you discover the answers to your love life questions.

Plus: Many examples of how past lives have influenced the present, even for those who didnt believe in past lives. Boldly yet compassionately confronts controversial love life issues such as divorce, abuse, non-monogamy, and sexual orientation, and shows how they all have past-life ties.

Shows why its not possible to ignore love life baggage and have a happy, fulfilling, and lasting relationship and how to identify and release that baggage. Includes 10 comprehensive meditation and self-past life regression scripts that can be used for fun, awareness, or solving love and life problems. Includes instructions that are easy enough to understand for the novice and detailed enough for the expert of metaphysics that outline exactly what needs to be known and accomplished for

successful past-life regressions. Includes an extensive section about love life cycles, explains why our love lives follow predictable cycles, why this awareness can make or break love life success, and how the you can interpret and follow your own cycles to make the most of your love life.

You'll learn: 1) Why we'll be together again with loved ones we've lost. 2) Why the past doesn't matter, until you realize it is interfering with your present. 3) Why spiritual concepts such as reincarnation and karma are feared/ridiculed by so many. 4) Why unhappy relationship endings are karmic and how to avoid them. 5) Why some people simply are not able to be monogamous, why it's important to know how to deal with non-monogamy even if you choose monogamy, and how non-monogamy, when appropriate, can enhance a relationship when it is responsible, safe, and honest. 6) Why sexual abuse is karmic and a different way to overcome it. 7) The spiritual/root reasons for commitment and intimacy problems. 8) The spiritual/root reasons why some people attract abusive partners. 9) Why there is no such thing as a victim. 10) Why sexual orientation is more influenced by past lives than genes. 11) How to determine if it's love or lust at first sight. 12) The difference between soul mates and twin souls and how there are many of both for each of us. 13) What is really often behind stranger obsession. 14) Why a lot of effort in love life so often produces no or undesirable results. 15) How to identify, forgive, and release blocks from the past. 16) Reconsidering terms of commitment by designing a commitment contract. 17) How to use the 10 meditation scripts for past-life regression, finding answers, gaining awareness, forgiveness, love life improvement, and more.
