

MAIL ORDER BRIDE: A Widows Hope (Clean Frontier & Pioneer Western Romance) (Sweet Western Historical Shot Stories)

Its the 1870s in the United States. Elle Mayweather is a pregnant widow, desperate to leave New York City for personal reasons. When she sees a mail order bride ad by a man who lives all the way in Kansas she boldly writes him, and soon, the two are engaged. With nothing to lose, she immediately leaves New York City and can only pray that her past doesnt follow her. Duncan Aster has lived the last decade alone, away from his family and friends. While ashamed for the pain his past actions have caused, he is not ashamed of the actions themselves. Tired of this state of being, he puts an ad in the paper for a spousea companion to share his life with and to lessen his pain. Full of secrets, guilt, unconventional perceptions, and a secret danger, two people come together and learn that living the right way does not always guarantee happiness. But will the two find true love in the end? *FREE on Kindle Unlimited*
