

Demon Familiar (Supernatural Bonds) (Volume 7)

Pulled from the void by a binding spell, demon essence becomes mortal-familiar, and Ianthe forms, yielding to her preference for the female shape. She longs to live a human life, to love as a human, and while she's escaped the dark realm and the lord she called master, she can't escape her nature. Incubus, succubus, Ianthe is able to shift between male and female forms, though both aspects need to be fed. She could have any man, but it's Homicide Detective Miguel Torres she wants, the man who unknowingly summoned and bound her. Their attraction is intense, immediate, and Miguel believes he'll never want another until he meets Ian, Ianthe's mysterious twin. Attempting to withstand needs and urges denied since childhood, Miguel buries himself in Ianthe's lush body as he battles his attraction to Ian. Then he drowns in shame when he succumbs to it only to have the murder of a gay teen force him to revisit the past before he loses his future.
