Deep in the jungles of Costa Rica lives a legendary shaman. Local surf-lore whispers that he can manifest perfect waves with his breath and surf without a board. Halfway across the world, struggling with anxiety attacks and riddled with fear, Will Goldman sets out into an adventure seeking an inner calm. As their two paths slowly begin to cross, Will becomes relentless to locate him. Along his journey, Will must endure mortal challenges, intense dreaming and primal fears before taking the next steps towards finding peace. Ultimately, Will must master the three basic lessons which awaken humankind and lead to amazing paths of adventure. Thus begins The Shamans Tale - an inspiring story of conquering fear and self actualization. The story is both one of adventure and discovery but also acts as a guide to empower the human spirit.
