

Tap: A Lovibond Novel (Lovibond Collection Book 1)

From New York Times, USA Today, and Wall Street Journal best-selling author of The Beauty Series comes The Lovibond Collection--a series of stand alone novels. Craft beer and the sexy men who brew it. A faceless name. That's all she was when I agreed to play a part in deceiving her. But then the unplanned happened. We met. And all I wanted from her was a dirty weekend ... until that wasn't enough and I longed for so much more. Lawrence Thorn suddenly means the world to me. And that's a problem. She's my business partner's sister. Forbidden fruit. Pursuing her can mean trouble for me at Lovibond Brewery. But I don't care. I yearn for her skin against mine. I crave her smell on my body. I want to make her laugh and then hear her moan my name. And she does for a brief moment in time. But Lawrence wants more than I'm able to give. And it's a damn shame because there's no one on earth I want more than her. An epic love. A miserable ending. Unless it's not. TAP is the first book in a collection of Lovibond stand alone novels. Each novel will feature a different couple. No cliffhangers.
