

A Beginners Guide to Wooing Your Mate

A Being(s) in Love Story Zeki Janowitz has returned to his hometown of Wolfs Paw to start his wizarding career. Unfortunately, Wolfs Paw, a werewolf refuge, follows centuries of tradition and shuns human magic and a very human Zeki. He knows hes in for a struggle, but a part of him has always belonged in the mountain town, or rather belonged to Theo Greenleaf. Years away at school havent lessened Zekis crush on the quiet werewolf. When town gossip informs him Theo still suffers from his mates rejection and does not date, it does little to ease Zekis embarrassing feelings. He decides nows the time to get the man hes always wanted. Werewolves usually dont recover from losing their mates, and Theo barely pulled through by focusing on his love of baking. Its a daily struggle, and Zekis return to Wolfs Paw shatters his peace. Theo doesnt know what to think when Zeki attempts to woo him, talking about his wizarding business and settling in town for good. Its like Zeki doesnt have a clue how his words years before left Theo a shell of a werewolf. Beginners in love, Theo and Zeki must seduce each other with a bit of heavenly baking and magic.
