

## Rapt: An Erotic Tale

An erotic contemporary tale from Bestselling author Laurel Cremant. Jessica Sinclair has spent the last year tiptoeing around her new boss Lucas Wright. She wants him and he knows it, but she has no intention of giving into temptation. She's always enjoyed a little pain with her pleasure, but she never thought denial could feel so good. Every meeting drives her to a sexual edge and yet they've never shared a simple kiss. Resisting him has become a delicious game. Lucas Wright has enjoyed playing the waiting game with Jessica. The sadist in him enjoys every quip and parry they share. But every man has his limits and he's officially reached his. He'd never thought that he would find his perfect match in a woman as stubborn as Jessica, but every teasing encounter has convinced him it's time to put an end to their games and show her just how sweet surrender can be.
