

Out Of Her League (The Sun Never Sets Book 2)

Praise for AVA ARCHER PAYNES Hot Historicals: Once I started reading I was hooked and finished it in one sitting! The perfect amount of romance and erotic pleasure kept you wanting more! Highly recommended as a rich erotic historical, even for the choosy reader. The historical time period and personalities are perfectly crafted. A nicely polished story with just enough heat. Love it! I will be reading this book again and have decided to order the other books by this author. Yes, recommend the book highly. ATTN READER: If you're looking for a sweet love story, rather than a spicy romance, this isn't the book for you. OUT OF HER LEAGUE is a sexy, 50,000 word Victorian romance. It contains sensual scenes intended for a mature audience. THE RAKE Captain James Lancaster, formerly one of London's most notorious rakes, returns to England a broken man after a brutal tour in the Crimea. He is wounded in body and spirit, his badly injured leg leaving him unable to walk without crutches. THE NURSE Nurse Katherine Riley has spent her entire life caring for others, but lately she finds herself longing for more. On a whim she indulges in a secret cache of provocative lingerie—just a little something to make her feel beautiful beneath her drab gowns, even if no one else can see it. When James glimpses the erotic beauty hidden beneath Kates prim and proper facade, he introduces her to a sensual array of forbidden delights. Healing takes on an entirely new meaning. As Kate nurses James to a full recovery, their liaison opens her eyes to an enticing new world. How will she ever return to the staid life she once knew? * * *
