

The Cycle of Addiction: One Family's Journey Through the Battle

Addiction is very powerful and can consume the person using the choice drug very quickly, with negative, dangerous outcomes. Addiction oftentimes affects not only the person using, but the entire family that he/she is connected to. The addiction to pain medication, also known as the a?monstera? to our family, almost destroyed our family. The addiction put us on an emotional roller coaster that ended up lasting for 10 years! Only through God's intervention were we able to discover the identity of the a?monstera? and learn how to defeat Satan and his plan to destroy us. God's grace and true forgiveness brought total freedom from the addictions! We are now free as a family to tell our story without shame, guilt or fear. We tell our story so that we may help others dealing with Satan's bondage known as addiction.
