

Big Life Lessons From That Still, Small Voice

Television personality Lisa Mason returns to her journalistic roots to chronicle the way God speaks to us. Combining present-day observations with stories of the past, her tale takes readers on an honest, sometimes heartbreaking, journey. From witnessing the ravages of HIV on the human body, to accepting an EMMY award, to experiencing the shock of the Oklahoma City bombing, this non-fiction text does not attempt to convert readers to Christianity, nor is it filled with scripture. It does, however, remind readers that to know God, one only has to listen for His Still, Small Voice.
