Unbound Reaction by Talia Carmichael Book Four in the Prentiss series When someone sees all that he is, they can delve deep within his soul, and there is no hiding from what the heart desires Kendall Weston thinks living in Prentiss is a welcome change from his past. He enjoys working for his former boss in a law firm as his assistant, yet there is one thing that is messing things up. When he took the job, no one said anything about four-legged demons that could crush him with their big legs. Hes not getting on a horse, no matter what anyone said. At his supposed lesson, he has his argument all ready for the reason he cant ride a horse. That is until he meets a man who knocks him for a loop. The man looks so solemn, but the sparkle in his gaze makes Kendall want to see how he would look if he smiled. Thomas Ward takes over the lesson for the man who is obviously out of place. There is something he cant define that draws him to the man. Kendalls sharp wit and humor draw him in even more. Thomas is more comfortable with horses than people, but Kendall is different than any man he has ever been attracted to. To get Kendall, hes going to have to soothe the skittish man as he does his horseswith lots of steady touches and soft words, then he will let Kendall have

his way before holding on for the ride of his unbound reaction. Talia Carmichael
