

## Cold Feet

Best friends snowed in together. When the heat rises, will they get cold feet? Getting snowed in at a remote cottage in Wales with someone hed fancied for ages isnt exactly how Sam expected to spend Christmas. His feelings for Ryan are pointless. Ryans straightor so he thought. Until now, Ryans kept his feelings for Sam buried. Why ruin a friendship over what might only be gay experimentation? Playing it cool seems safer, until a cold snap makes sharing body heat vital. In their Welsh safe haven, anything seems possible. As Ryans reserve melts away, Sam wants more than stolen kisses under the mistletoe. But a sudden thaw means making decisions. They could face the New Year togetherunless one of them gets cold feet.
