

The Madcap Masquerade

After her mother's death, an impoverished young woman with no prospects for the future receives an irresistible offer from her father, whom she has never met. He offers to pay her to impersonate her long-lost twin sister, who has mysteriously disappeared in Scotland. But she never counted on falling for her sister's fiancé, the Earl of Linley. And what would happen if he found out that the spirited, passionate object of his love was no more than a stand-in bride?
