

## A Dragons Heart: BBW Paranormal Romance

A mate worth fighting for Tor and Perry are Dragon shifters, powerful protectors of their region and the people and shifters in it. With the world only getting more evil, Tor and Perry know theres only one thing to do. Find a mate, one brave enough to be gifted with a third dragon power to join their triad. They just need to find someone brave. Too bad the only woman they seem to be interested in is their curvy secretary, a woman they found hiding under a desk Lexie knows shes no hero. Always the first to run, she is just grateful the dragons found her when they did and rescued her from a bad situation. Shes fine just being their secretary, as it gives her a safe place while they try to track down the people that are still after her. Even if being around tall, dark and handsome Tor and graceful, elegant Perry is starting to do funny things to her lady bits. As the three work together in close quarters, sparks fly between Lexie and her dragon employers, threatening to ignite into a blaze. But though they know they cant be together, they cant resist stoking the flames, and when trouble catches up, all three will have to decide just what they are willing to lose, and whats really worth fighting for
