

Cowboy Up (Sweet Shoppe Book 1)

Linda Wheelers life is not going how she planned it. She left her dusty little Texas hometown years ago for the bright lights of Dallas years ago but now she is backand not by choice. Shes flat broke and without a job. Worse, she is back in that little town she never wanted to see again and having to work at the dude ranch she co owns with her high school crush, Nicodemus McCabe. Nic had always thought of Linda as his little sister. That is until she hit eighteen. Then, she became an obsession he had to ignore. Her father had been his savior and Nic understood his place. Now that she was back, resisting her is getting more difficult by the minute. After a trip to The Sweet Shoppe, shared erotic dreams make it even harder for both of them to resist the temptation. But will they be able to ignore their fears and take a chance on love? This is a reissue that has been slightly revised.
