

Karma by the Sea

Hawaiian born Karma Aneko, high-end divorce attorney, is pulled from the ocean just before drowning. Officer Joe Porter is on his third transfer since an undercover drug bust nearly killed him. A hero even when off-duty, Joe fishes the woman from the angry waves, knowing hes caught trouble as soon as she spews salt water all over him. She never planned on being so close to the sea again, but Joe challenges her to take another look at her tormented childhood from within the safe circle of his arms. She is strong enough to accept his past while seeing the man hes become. Their undeniable attraction overcomes logic, daring them to believe in love at first touch.
