

Mail Order Bride Romance: Montana Passion (Historical Fiction Romance) (Mail Order Brides) (Western Historical Romance) (Victorian Romance) ... Victorian Mail Order Bride Romance)

****A Standalone Novel with No Cliffhangers!**** A Historical Western Victorian Mail Order Bride Romance Ida had ventured west with grand illusions of finding a fabulous husband on a western ranch but instead found so much more. She leaves her comfortable family life on the east coast and all she has ever know to travel to the Montana territories with the promise of marriage. Her arrival is greeted with just the smallest bit of warmth and she must learn her own place within the large family. She had to endure the harsh weather of the Montana territories, learn to work alongside the men on the ranch while fighting for her own survival in the wilderness. Despite her more docile upbringing the spunky east coast woman exceeds the expectations of her potential mail order husband and earns herself a wedding when she braves the cold Montana winter to rescue some frightened cattle from a mountain lion. Her intended finally proposes and the wedding ceremony is performed tying the two together for life but the marital bliss only lasts for one evening as her husband is reluctant to share her bed or be intimate with her. She struggles with being alone until she learns he has one last secret she is keeping from her that is preventing them from being truly together as man and wife. Limited Time Only!
