

Gentlemen Wear Collars: A Tale of Forbidden Passion & Seduction

Lisa is a high-powered executive in a high-stress job who seeks solace and support from Dino, her young and rather brilliant financial analyst. When auditors come in to inspect the company's financial statements, she is impressed by Dino's ability to handle them like a pro, and she decides to reward him by teaching him a thing or two (or three or four) about the intricacies of pleasing a woman. Lisa takes what she wants with no apologies, as she guides Dino through her fantasy world of seduction, passion and sex. *Gentlemen Wear Collars* is a short story containing explicit and graphic sexual content.
