

Driftwood

What the tide washes in, the past can sweep away. All Dr. Tom Penrose wants is his old life back. He's home in Cornwall after a hellish tour of duty in Afghanistan, but while the village is the same, he isn't. His grip on his control is fragile, and it slips dangerously when Flynn Summers explodes into his life. The vision in tight neoprene nearly wipes them both out in a surfing mishap and shatters Tom's lonely peace. Flynn is a crash-and-burn in progress, one of only two survivors of a devastating rescue helicopter crash that killed his crew. His carefree charm is merely a cover for the messed-up soul within. The sparks between him and Tom are the first light he's seen in a long, dark tunnel of self-recrimination, which includes living in sexual thrall to fellow crash survivor and former co-pilot, Robert. As their attraction burns through spring and into summer, Tom must confront not only his own shadows, but Flynn's before the past rises up to swallow his lover whole. Warning: Contains explicit m/m sex, hot helicopter pilots and skin-tight wetsuits. Also, in true British tradition, a tiny bit of joystick innuendo.
