

## The Meditations of a Sojourner: The Book

The Meditations of a Sojourner was written under the inspiration of the Holy Spirit. While writing, the author did not have predetermined ideas or a book plot. Instead, the book progressively evolved under the direction and leading of the Holy Spirit. The order of the chapters divinely came by inspiration in such a way that when the author started editing on the basis of grammar and word choice he was himself surprised to see that no two chapters are the same. This further convinced him that he was on the right track to publish the book and to also release it globally so that others could be as blessed by it as he was. This book is not a novel. It is also not a contemporary story book. It is a book that tells the story of the greatest person who ever lived. His name is Jesus Christ.
