

## Morning Star (Rockers of Storm Crow Book 2)

Driven and ambitious Andi McFadden has wanted to be a television producer for as long as she can remember. She was fortunate enough to be mentored by one of the most powerful producers in Hollywood and after paying her dues she's now the producer of her own show. Just before accepting the new position she had what she thought would be a one-night stand with Harley Joseph, one of the hottest actors in town. Now she discovers there's been a last-minute change and he's been cast as the star of her new show. Harley uses his considerable sensual talents to seduce Andi back into his bed, but because of their working relationship she insists that they keep their relationship a secret. However, it's almost impossible to keep their passion concealed in the close confines of a busy production studio, and they have several close calls. Meanwhile Andi discovers that she's not Harley's only secret. Despite these obstacles, they manage to build a fragile relationship. Will it be destroyed by revelations of disturbing secrets and betrayals from Andi's own past?
