

Springtime on Divinity Mountain

A heartwarming time travel romance first featured in an anthology called Timeless Spring. Now re-edited and updated. Joanna Archer impulsively buys an old family photo album at a garage sale. In an attempt to return the book to the original owners she is transported back to simpler time and a beautiful mountain homestead - and the handsome man whose picture transfixes her from the moment she sees it in the album. Travel with Joanna through time and space to the lush north Georgia mountains and the man of her dreams.
