

A Game of Scandal (Friends Trilogy)

There's nothing quite like scandalous behavior hidden behind a mask of elegance, and Lilith Mallory knows the truth of this more than most. The owner of the most prestigious club in London, and wealthier in her own right than most would believe, she's considered too scandalous for polite society. But that doesn't stop the men of the ton from eating her food, enjoying her wine, or gaming at her tables. Then, into her life, strides Gabriel Warren, the Earl of Angletwood. He had broken Lilith's heart years ago, and now he has returned from his life in the colonies to discover his family fortune ruined. Now he comes to her with an outrageous proposal...if she will help him financially he will give her the respectability she craves under the guise of marriage. But given the strictures of society is this a bargain she is willing or able to accept?
