

Hannah, Same Both Ways

I pulled my jeans out of the wardrobe and my GAP hoodie. I did my hair for the umpteenth time and took one last look in the mirror before heading back downstairs. Little was I to know, but that would be the last time that I would be able to walk down a flight of stairs. I have never seen that bedroom again. Hannah Rose had a loving, normal childhood and grew into a typical teenage girl. At the age of fifteen she developed a pain in her back and went into hospital. Within days she was completely paralysed from the neck down. In this lively and engaging memoir, Hannah relates her journey. Despite severe disability and periods of dark depression, she has been awarded a degree, found a job with the police and enjoyed an active social life. Hannah, Same Both Ways is her remarkable story.
