London's Lord Vampire Has Problems  
 Dr. John Polidori's tale *The Vampyre* burst upon the Regency scene along with Mary Shelley's *Frankenstein* after that notorious weekend spent writing ghost stories with Lord Byron. A vampire craze broke out instantly in the haut ton. Now Ian Ashton, the Lord Vampire of London, has to attend tedious balls, linger in front of mirrors, and eat lots of garlic in an attempt to quell the gossip. If that weren't annoying enough, his neighbor, Angelica Winthrop, has literary aspirations of her own and is sneaking into his house at night just to see what she can find. Hungry, tired, and fed up, Ian is in no mood to humor his beautiful intruder... Celebrate the 80th birthday of Regency Romance with great books from Sourcebooks Casablanca!
