

Spurred To Submission: Rawhide

When the death of their fathers brings Zoe Hampton and Wade Cameron back to Big Spur, she hopes for two things to show the hot shot New York lawyer she's not a little girl anymore and that the ranch he hates could actually ease the pain of his past. She's got her work cut out for her on both accounts, and she doesn't know whether to kick Wade into next week or jump his bones. Wade hates the ranch almost as much as he hated his father, and the only reason he's home is to bury one and sell the other. But the old man will put a hitch in Wade's plans. And Zoe's lush body and sassy attitude spur the Dom in him to take her over his knee for a spanking they'll both enjoy. Even finding release at a private BDSM club becomes impossible until the night Zoe follows Wade to Rawhide.
