

Boss Me Hard (Boss Me, Book Two) (An Alpha Male Romance)

What if someone knew your deepest, darkest fantasies? Admit it. Youve done it, too. Kept a diary. Written down your dirtiest, most private thoughts and fantasies. Told the whole truth about someone you wanted more than anything in the world, and even planned out how it might be if they wanted you back. The only difference is, my secret crush is my boss. My dark, smoldering, dominating, totally off-limits boss. And now hes found my diary. The secret book where Ive written every nasty, sordid thought Ive ever had about him. But instead of firing me, hes doing something worse. Hes making me act them out. Every last indecent, naughty sexual fantasy Ive ever had. And it turns out that being bad never felt so good.
