

## Mosaics of a Life: The True Story of Endurance

Mosaic of Life takes us into the hellish crucible of the Nazi scourge in Eastern Europe. It offers a clear view of the human conditions when we venture outside the sphere of normal relations. Living in a world where civilization and respect have ceased to exist, a righteous Christian camp commandment rekindles some spark of his own humanity. This leads to an unlikely miracle: the authors survival and the survival of hundreds of others.
