

The Fall of January Cooper

A contemporary new adult romance from the author of Love Show... How do you lose everything? Ask January Cooper. She was the daughter of a Dallas multimillionaire, the debutante of the year, and the girl most likely to get whatever she wanted. But when her father is arrested for securities fraud, the girl who had everything starts to lose everything. And once she starts falling, she can't seem to stop. When she walks into Christian Cutlass's bar, she meets the first person who sees all the way through her. And Christian Cutlass meets the first girl who doesn't care about who he used to be and what he lost one night when he was nineteen years old. She's gorgeous and hurt. He's twisted in too many ways to count. She's the girl with nothing left to lose. He's the boy who lost everything he lived for. How do you lose everything? You start by falling.
