

Success Secrets of Super Achievers

If you want to know the best way to get to the top of a mountain you are climbing, you are wise to ask a person who has been to the top! That's the approach Jim Stovall has taken in *Success Secrets of Super Achievers*. In the course of Stovall's interviews with dozens of people who are at the top of their fields -- people widely known and admired in entertainment, politics and law, business, and religion -- he has asked two compelling questions: How do you define success and what does it take to be happy? The answers will inspire you, at times they may surprise you, and at other times they may move you deeply. In all cases, the answers will enrich you and strengthen your own desire to be all that you can be and accomplish all that you have set as a goal. Features winning insights from Art Linkletter, Justice Sandra Day O'Connor, Charlton Heston, Lou Holtz, Katharine Hepburn, Dr. Robert Schuller, and 76 more!
