But in the back of her mind lingers a dangerous desire Evan Martin, and she cant help but wonder what might have been. A dangerous secret Liam Ellis knows his wife has a secret, but he wants her to confide it when she is ready. Hes devoted to her and their children and cant imagine a scenario where he wouldnt fight to protect the life theyve built together. What could Lila have possibly done that would be devastating enough to threaten their future and the love they share? One night can tear it all apart Lila knows she needs to confess her transgression to Liam, but cant find the courage, terrified of losing everything. Is it possible for them to work through her lies, or is her perfect life gone forever? The only way out is through, and Lila has to admit the truth and face the consequences of that fateful, reckless night. No matter what the cost.
