

Storm

My life has pretty much sucked. After years of getting knocked down, only to pick myself up and dust myself off, its time for a new beginning. Everybody says college is supposed to be this fantasyland full of hot boys, crazy bffs, and awesome parties. But what do they know? So far its been the same old life knocking me onto my butt. But it seems different this time. Chase is the embodiment of hotness. With green eyes, a ripped body, and magnetizing charm, hes everything a girl wants. And his rebellious, mysterious vibe is to die for. Little did I know hed actually save my life. The night we met I found myself trapped in a cold backseat against my will by a drunken stranger, seconds away from the unthinkable happening. And then Chase showed up, rescuing me. The night we met was the absolute worst and best night of my life. It was the night Chase wrapped me in his irresistible spell. And it was the night the storm began. This is part one of the series. This 28,000+ word new adult romance novella ends in a cliffhanger and contains explicit language.
