

Finally Forever (Massey, TX Book 2)

Joshua Carver and Alison Hollister have been neighbors, and in one another's lives for years. They have also been in love with each other for just as long, but never admitted it. As a model, Alison has traveled to far off locations, met new people, and had amazingly good success. All it took was one person to ruin all she worked so hard to achieve. One moment, a singular event, will change the course of her life forever. Born and bred to work the land his forefathers secured through their blood, sweat, and tears, Joshua Carver is a rancher through and through. He loves his piece of land, and his heritage, but he's looking toward to the future. Looking forward to a wife and children, but only one woman will do. With trouble on their doorstep, they will have to rely on each other. They are out of options if they truly want their forever.
