

Time Travel Romance: Romancing the Highlander (Historical Time Travel Romance) (New Adult Comedy Romance Short Stories)

A no-nonsense modern woman with little time for flights of fancy, Ariel reluctantly takes time from her important job as the head of an accounting firm to journey to the highlands of Scotland; bound to serve as a begrudging maid of honor in her sisters historically themed wedding. Ariel awakes the morning of the wedding to find the Scottish castle that would serve as the site of that days wedding oddly transformed. Her family has disappeared, as have all semblance of modern conveniences. In their place is Bhaltair- a handsome young Scottish lord looking for a bride of his own. Strangely unsurprised at her unexpected arrival on the grounds of his palatial manor, Bhaltair does his best to make his guest feel welcome; pampering and romancing her as she adjusts to life in a new place and time. Will he meet his match in a fiery lass who seems to hail from another time? Warning! This ebook contains explicit scenes of passion and desire. For adult eyes only!!!
