

Naked Hunger (Naked Cowboys)

His heart has an appetite only one woman can satisfy. Naked Cowboys, Book 8 Sable Hunter paid her dues caring for suburban pets in West Texas. Ready to get back to her first love large animals she's excited about moving to Saddle Wells to take over for the retiring veterinarian. With a reputation to build, she can't afford any distractions, and the sizzling heat between her and local rancher Ryan Donovan could seriously mess with her focus. Ryan earned his stripes the hard way, one bull at a time on the rodeo circuit. Now he's put his prize money to work raising bulls for competition. He can't deny he misses the rush of pro riding until the sweet new vet in town brings a different kind of excitement and makes him want to sweep her into his bed and his future. Becoming friends with benefits sounds like an excellent compromise to Ryan until he can convince Sable she doesn't have to choose between career and love. But a costly mistake could destroy her career, as well as any chance for happiness with the man she realizes she loves. Warning: Contains a woman whose career is taking off, and a man whose career is changing direction faster than a spinning bull. Hang on, ladies, this cowboy got a free hand and it's about to get wild!
