

## Harrowing the Dragon

A fantasist without equal, Patricia A. McKillip has created worlds of intricate beauty and unforgettably nuanced characters. For 25 years, she's drawn readers into her spell, spinning modern-day fables with a grace rarely seen. Now she presents a book of previously uncollected short stories, full of beautiful dragons, rueful princesses, and handsome bards, and written in the gorgeous - and often surprisingly funny - prose she's known for. This is her world, wrapped up in the finery of fairy tales.
