

The Scriveners Tale

Fiona McIntosh returns to Paris and Morgravia, her popular fantasy world, with *The Scriveners Tale*, a thrilling standalone novel. Ex-psychologist Gabe Figaret was done with patients for good, until he meets Angelina, a young mute woman he's been asked to mentor. When she starts speaking about another realm called Morgravia, he doubts her, but soon comes under the spell of her compelling visions. As Gabe delves deeper into Angelina's unsettled psyche, he learns more about his own soul, his past, and whom he can trust in his own troubled life. Splendidly characterized and beautifully crafted, Fiona McIntosh's *The Scriveners Tale* is an action-packed fantasy adventure that will leave you spellbound.
