The complete experience of hiking Rocky Mountain National Park has finally been captured in one comprehensive volume. All 400 named features in the Park are explored and two-thirds of this book covers off-trail hikes not commonly found in guidebooks. Extensively field-checked and accompanied by striking photography and USGS maps, this amazing collection draws upon Fosters over 7,000 hours of backcountry expertise. From casual strolls to class 4 climbing, no other book has tackled the entire park in such an in-depth and exciting way.
