

## Becoming Human

Acclaimed as a man who inspires the world, (Macleans) and a nation builder (Globe and Mail), Jean Vanier has made a difference in the lives of countless people. In this provocative book, Vanier shares his profoundly human vision for creating a common good that radically changes our communities, our relationships, and ourselves. He proposes that by opening ourselves to outsiders, those we perceive as weak, different, or inferior, we can achieve true personal and societal freedom. *Becoming Human* is not only a book of extraordinary ideas, but a revolutionary call to action. The 10th anniversary edition includes a new Introduction by the author.
