

Tell it to the Marine (Always a Marine series Book 3)

PFC James Westwood isn't a typical Marine. As a clinical psychologist, he recognizes his band of brothers needs a helping hand after their return home from the war. When his boss, Captain Dexter, encourages him to sign up for the 1Night Stand dating service, Westwood committed himself. What did he have to lose? The last thing he expected was a date with screen goddess Lauren Kincaid. Movie star Lauren Kincaid grew up splitting her time between the cold reality of the Hollywood scene and her family home in Plano, Texas. After two decades surrounded by artificial friendships and inflated egos, her greatest desire is to meet a real man, not a Hollywood talking head. When her agent suggests a 1Night Stand date, the only expectations Lauren allows herself to have are discretion and exclusivity. What she didn't expect was having a gorgeous psychologist with rapier wit blow her away. Everyone needs someone to hear them. James and Lauren share an unmistakable connection, but when one of James' patients suffers a crisis, Lauren more than proves her mettle. Can one night turn into happily ever after for this Marine and his movie star?
