

## A Love Episode

Emile Edouard Charles Antoine Zola (2 April 1840 – 29 September 1902) was a French novelist, playwright, journalist, the best-known practitioner of the literary school of naturalism, and an important contributor to the development of theatrical naturalism. He was a major figure in the political liberalization of France and in the exoneration of the falsely accused and convicted army officer Alfred Dreyfus, which is encapsulated in the renowned newspaper headline *J'accuse*. Zola was nominated for the first and second Nobel Prize in Literature in 1901 and 1902. This anthology is a thorough introduction to classic literature for those who have not yet experienced these literary masterworks. For those who have known and loved these works in the past, this is an invitation to reunite with old friends in a fresh new format. From Shakespeares finesse to Oscar Wildes wit, this unique collection brings together works as diverse and influential as *The Pilgrims Progress* and *Othello*.
