

Hatchet

This award-winning contemporary classic is the survival story with which all others are compared and a page-turning, heart-stopping adventure, recipient of the Newbery Honor. Thirteen-year-old Brian Robeson is on his way to visit his father when the single-engine plane in which he is flying crashes. Suddenly, Brian finds himself alone in the Canadian wilderness with nothing but a tattered Windbreaker and the hatchet his mother gave him as a present and the dreadful secret that has been tearing him apart since his parents divorce. But now Brian has no time for anger, self pity, or despair; it will take all his know-how and determination, and more courage than he knew he possessed, to survive.
